

Make it a breeze for customers to pay —and for your business to collect —with PayFabric

Boost cash flow and automate accounts receivable with a self-service customer portal

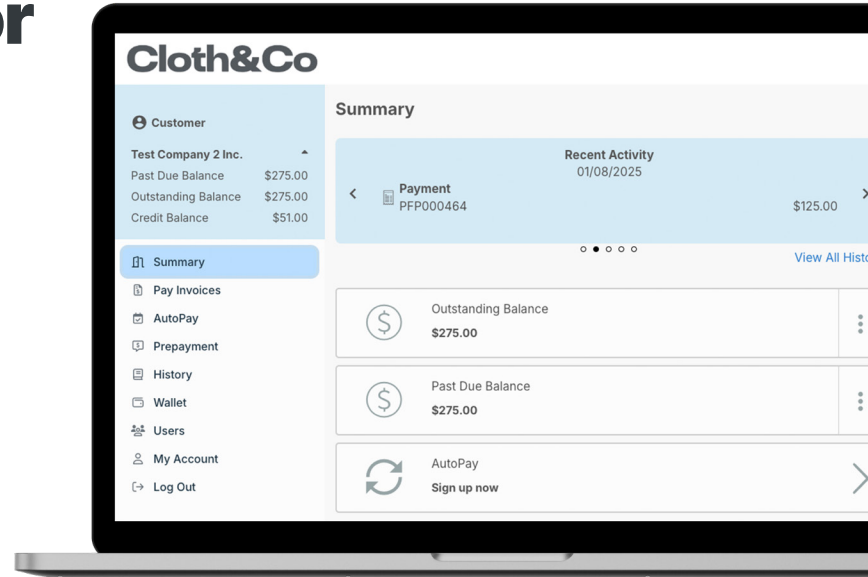

Track and collect payments while saving time and cutting costs

- Offer a self-service payment portal where customers can manage their account
- Send convenient automatic payment receipts
- Automatically sync payments into Sage for easy reconciliation

Businesses that rely on manual AR processes have **30% longer days sales outstanding averages** than businesses that prioritize automated AR processes.¹

Sage Tech Partner

Deliver a better customer experience with quick, convenient ways to pay

- Accept a variety of payment methods like credit, debit, ACH or EFT in Canada
- Let customers view outstanding invoices and download invoice history at anytime
- Send email requests to let customers initiate payments with one-time links
